# About Us

Sugar Browning is an international award-winning Adelaide-based coffee roaster providing the full café experience as Coffee Journey. We are the place to access a global range of premium coffee. At Sugar Browning we strive to provide the best value to our wholesale clients. As a direct-to-consumer business, there is no middleman meaning that we are able to offer the highest quality coffee at the best price.

The director Di Wang, one of SA's best multi-award winning coffee roasters and qualified Arabica Q Grader roasts all beans on site. There is no subcontracting to ensure consistency and quality. Her knowledge, passion and unwavering high standards are reflected in the quality of each roast that is produced.

At Coffee Journey, we provide a drink menu free of any artificial flavours or other "nasties" and we are able to serve a wonderful all-day breakfast made by locally sourced premium fresh fruits and vegetables from Schinella's Adelaide.
